Home Page:

The screenshot shows a Microsoft Edge browser window displaying the InstaWash website. The URL in the address bar is `vxa3922.uta.cloud/WDMProject_Phase3/`. The page has a dark header with the InstaWash logo and navigation links for Home, About, Services, Contact, Blog, and Login. The main content features a title "Welcome to InstaWash" and a subtitle "Get your clothes washed and delivered in no time". Below this, a paragraph describes the laundry services offered, mentioning washing, dry cleaning, pressing, and discounts for bulk orders. Two callout boxes are present: one on the left stating "We clean your clothes with utmost care." and another on the right stating "We follow the Customer Instructions with utmost care.". A "Chat with us" button is located in the bottom right corner of the main content area. The taskbar at the bottom shows various pinned icons and the system clock indicating 8:29 PM on 10/31/2021.

The screenshot shows a Windows desktop environment with a web browser window open to the URL vxa3922.uta.cloud/WDMProject_Phase3/services. The browser has three tabs: "Phase 3", "Dashboard - uta.cloud", and "InstaWash". The main content area displays the "InstaWash" logo and a navigation bar with links for Home, About, Services, Contact, Blog, and Login. On the left, a large "SERVICES" heading is visible. In the center, there is a pink box containing the text "Manage equipment's" and a description: "The personnel will utilize this to register each washing machine, drying machine, balances, irons and baskets." To the right, there are two smaller pink boxes: one labeled "Management of Customers /Personnel /Services" and another labeled "Management of Daily Tasks". The taskbar at the bottom shows various pinned icons and the system tray with the date and time.

This screenshot is identical to the one above, but the "Management of Customers /Personnel /Services" box contains additional detailed information. It states: "This has the following details." followed by a bulleted list: • Manage/Register Customer details • Manage/Register Personnel details • Manage/Register the laundry services and their prices according to weight.

Blog Page in React (with Api call):

Number of Competitors:

The laundry business has many competitors in the market, so we should have more focus on attracting more customer base. We have to do little research by finding out the prices offered by competitors, so that we can maintain the same price as competitors , also some reward/loyalty point program and discounting would attract more customers.

Need of strategic location:

Advantages of InstaWash System

Streamline Laundry Services:

Instiwash system gives an advantage of keeping track of each cleaning process, equipment status and employee assigned for the service, by which the process would become much easier to track. Instiwash system allows real-time sorting, laundry, and/or dry cleaning monitoring, as well as pressing, folding and distribution. End to end service process can be streamlined and make easy to keep track.

Improvements Can be Made in Future

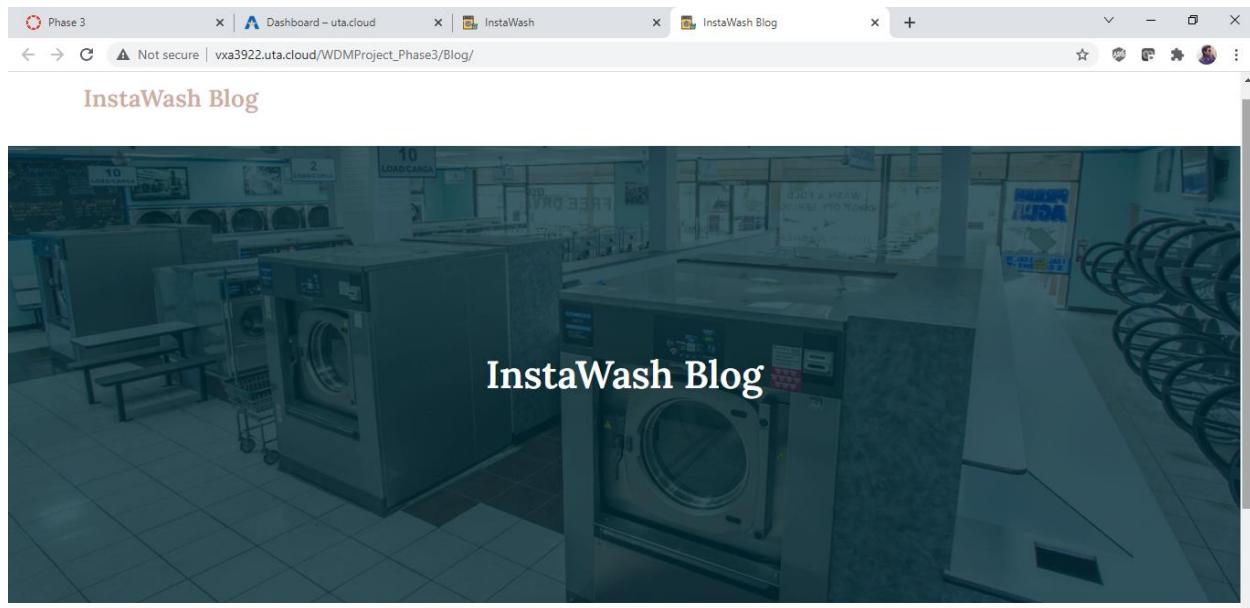

Enabling Internet of Things

IOT is a unique opportunity to help us connect to people with their laundry machines in a way that will help to save time and make life more convenient, at present the laundry status is marked and updated by the staff. By enabling the IOT to these machines makes it easier to connect with customers directly by sending them the notifications directly to their mobile or email. Even the staff can reduce their efforts and directly check the status of the machines updated in the portal for usage.

Need of strategic location:

Laundry business site must be in a strategic area. Urban housing, boarding houses, rental residences, and educational centers such as campuses and schools are all strategic locations for running this business.

It does not require large capital investment except for procuring the equipment, which can be returned easily if business is setup in the prime location.

Payment:

At present in Instawash system doesn't support online payment option, by which some of the customers would lose interest to visit the store. As most of the customers do prefer to pay online in recent times, it would be appealing to enable the payment gateway, would attract more customers to the store.

Get control on the sales and business:

Instawash system gives the privilege for the admin to keep track of the sales , customer visits and profits, by which he has control on the sales and revenue operations. Also it is easy to get access at finger tips on mobile, tablets or any devices and would help in making more efficient decisions to improve the business.

Track of Resources:

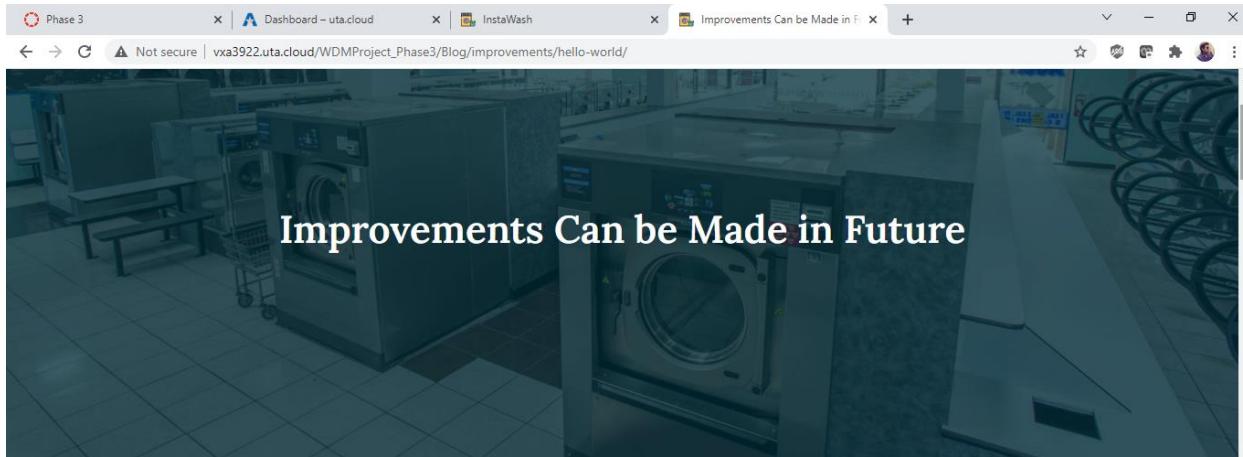

Instawash system keeps track of the resources like employees, equipment, by which we can utilize the resources productive and would grow the business. Also we can monitor and update the equipment status if it is not active. Also new employee addition or deletion can be done easily with the system in use.

Payments Gateway Enablement:

Online payment is more flexible now a days, as most customers would prefer to pay online. By enabling Payments option for the customer can be made available at the finger tips, so that it provides more ease and comfort for the customers to pay online. We can integrate the Instawash system with more payment options like PayPal, Apple pay, Google Pay etc.,

Reward Credits/Loyalty points:

More customers would be attracted for discounts or deals on the orders, so rewarding the loyalty or credit points for the customers would help in growth of the business. So for each order they make rewards would be credited to their wallet and they can be redeemed for their next orders. Also additional discount rates can be made available for the customers based on their credits/loyalty points. This strategy was widely used in present business line to boost their business.

Admin :

1. Admin Dashboard:

The screenshot shows the Admin Dashboard for InstaWash. On the left is a sidebar with 'InstaWash' logo and links for Dashboard, Manage, Reports, and Log out. The main area has a header 'Dashboard'. Below it are four cards: 'Total Order 500' with a shopping cart icon, 'Equipments 100' with a green plus sign icon, 'Orders Pending 40' with a yellow shopping cart icon, and 'Total Profit \$11,086' with a pink shopping cart icon. A section titled 'Recent Orders' lists 10 entries with columns for Date, Customer, Order, and Total. A 'Chat with us' button is at the bottom right. The taskbar at the bottom shows various application icons.

2. Manage Page(Admin)

The screenshot shows the Admin Manage Page for InstaWash. The sidebar is identical to the dashboard. The main area has two tables: 'Manage Orders' (listing orders by #, Order#, Name, Phone, Type) and 'Manage Equipment' (listing equipment by #, Machine Name, Status, Order#, Name). Below these are sections for 'Manual Order' (Name, Quantity, comments fields) and 'Manage Tasks' (listing tasks by #, Name, Assigned To, Desc, Services). A 'Chat with us' button is located in the 'Manage Tasks' section. The taskbar at the bottom shows various application icons.

3.Report Page(Admin):

The screenshot shows the Admin Report Page for InstaWash. The left sidebar includes links for Dashboard, Manage, Reports, and Log out. The main content area features a bar chart titled "Sales, Expenses, and Profit: 2017-2020" comparing Sales (blue), Expenses (red), and Profit (yellow) across the years 2017, 2018, 2019, and 2020. Below the chart are four summary boxes: Total Visits (2500), Total Sales (\$15455.500), Tasks Done (1600), and Employees (40). Further down are two tables: "Monthly Sales Performance(2021)" and "Services by Employee - September(2021)". A "Chat with us" button is visible in the bottom right of the employee table. The Windows taskbar at the bottom shows various pinned icons and the date/time (10/31/2021, 8:40 PM).

Manager : (Dashboard/Manage Page)

The screenshot shows the Manager Dashboard/Manage Page for InstaWash. The left sidebar includes links for Dashboard, Manage, and Log out. The main content area is divided into several sections: "Manage Orders" (listing orders with columns for #, Order#, Name, Phone, and Type), "Manage Equipment" (listing equipment with columns for #, Machine Name, Status, Order#, and Name), "Manual Order" (a form with fields for Name and Quantity), and "Manage Tasks" (listing tasks with columns for #, Name, Assigned To, Desc, and Services). A "Chat with us" button is visible in the bottom right of the tasks section. The Windows taskbar at the bottom shows various pinned icons and the date/time (10/31/2021, 8:41 PM).

2. Schedule for Pickup (User)

The screenshot shows a web browser window for the InstaWash application. The URL is vxa3922.uta.cloud/WDMProject_Phase3/UserOrders. The page title is "InstaWash". On the left, there is a sidebar with icons for Dashboard, Schedule for pickup, Orders, Complain, and Log out. The main content area is titled "Dashboard" and contains a table titled "Schedule for pickup". The table has columns: #, Services, Cost, weight, and Time. It lists four items: Wash (\$99, 10lbs, 20), Dry Clean (\$80, 10lbs, 30), Cold Press (\$35, 10lbs, 10), and Fabric Soft (\$998, 58lbs, 50). Below the table is a form with fields for Order Id (12345), comments, Pickup date (mm/dd/yyyy), and a Save button. The status bar at the bottom shows the Windows taskbar with various pinned icons.

3. Complain/Feedback(User):

The screenshot shows a web browser window for the InstaWash application. The URL is vxa3922.uta.cloud/WDMProject_Phase3/Complain. The page title is "InstaWash". The sidebar on the left is identical to the previous screenshot. The main content area is titled "Dashboard" and contains a form titled "Complain/Feedback". The form includes fields for First Name, Last Name, E-mail, Phone, and a large text area for Complain/Feedback. At the bottom of the form is a "Send message" button. To the right of the form is a dark button labeled "Chat with us". The status bar at the bottom shows the Windows taskbar with various pinned icons.

Visitor Page:

1. Dashboard/Drop off (Visitor):

The screenshot shows the InstaWash Visitor Dashboard. On the left is a sidebar with icons for Dashboard, Drop off, Orders, Complain, and Log out. The main area has a title 'Dashboard' and a section titled 'Schedule Drop Off' with a table showing four services: Wash, Dry Clean, Cold Press, and Fabric Soft, along with their costs, weights, and times. Below this is a form for scheduling a new drop-off, with fields for Order Id (containing '12345'), comments, Address, Drop off date (mm/dd/yyyy), and a 'Save' button. A 'Chat with us' button is in the bottom right.

#	Services	Cost	weight	Time
1	Wash	\$99	10lbs	20
2	Dry Clean	\$80	10lbs	30
3	Cold Press	\$35	10lbs	10
4	Fabric Soft	\$998	58lbs	50

2. Order:

The screenshot shows the InstaWash Order page. The sidebar is identical to the dashboard. The main area shows 'Order Details' with a table listing six orders with columns for #, Order#, Name, Phone, and Type. Below this is a 'New Order' form with fields for Name, comments, Quantity, and a dropdown menu for 'Make a selection'. A 'Save' button is at the bottom right. A 'Chat with us' button is also present.

#	Order#	Name	Phone	Type
1	OI2345	Smith	50	P
2	OI8955	Jameson	60	W
3	OI5355	Johnson	60	W,E
4	OI5355	Johnson	60	W,E
5	OI5355	Johnson	60	W,E
6	OI5355	Johnson	60	W,E

3.Complain:

The screenshot shows a web browser window titled "Dashboard" for the "InstaWash" project. On the left, a sidebar menu includes "Dashboard", "Drop off", "Orders", "Complain", and "Log out". The main content area is titled "Complain/Feedback" and contains input fields for "First Name", "Last Name", "E-mail", and "Phone", followed by a large text area for "Complain/Feedback" and a "Send message" button. A "Chat with us" button is located on the right. The browser address bar shows the URL "vxa3922.uta.cloud/WDMProject_Phase3/Complain". The taskbar at the bottom displays various application icons.

Chat:

The screenshot shows a web browser window titled "Welcome to InstaWash" for the "InstaWash" project. The page features a header with links for "Home", "About", "Services", "Contact", "Blog", and "Login". Below the header, there's a promotional message: "Get your clothes washed and delivered in no time". A paragraph describes the laundry services offered. Two callout boxes provide details: one about cleaning clothes with utmost care and another about following customer instructions. A "Chat" sidebar on the right allows users to type messages and includes "Send" and "Close" buttons. The browser address bar shows the URL "vxa3922.uta.cloud/WDMProject_Phase3/Home". The taskbar at the bottom displays various application icons.

Chat in Dashboards:

The screenshot shows a web browser window with three tabs: "Phase 3", "Dashboard - uta.cloud", and "InstaWash". The "InstaWash" tab is active, displaying a user dashboard for "Sai Santhosh". On the left, there's a sidebar with links: "Dashboard", "Schedule for pickup", "Orders", "Complain", and "Log out". The main content area has two sections: "Order Details" (listing 6 orders with columns: #, Order#, Name, Phone, Type) and "New Order" (with fields for Name, Quantity, and comments). A "Chat" window is open on the right, titled "Message", with a text input field containing "Type message..", a pink "Send" button, and a black "Close" button. The taskbar at the bottom shows various pinned icons and the system clock indicating 8:47 PM on 10/31/2021.
